

AKOMEX Group

INNOVATIVE PACKAGING FOR THE PHARMACEUTICAL INDUSTRY

TRUSTED PARTNER FOR PHARMACEUTICAL MANUFACTURERS

The Akomex Group has been a leading manufacturer of packaging for the pharmaceutical industry for the past 50 years. We offer the production of high-quality packaging from solid cardboard, labels, and leaflets.

Thanks to our many years of experience, Akomex Group packaging products are on the shelves of pharmacies and major European retail chains.

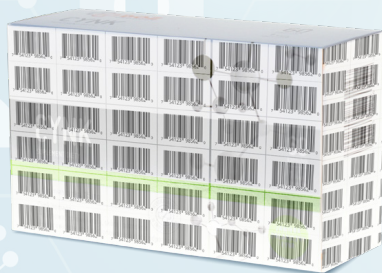

LATEST TECHNOLOGIES FOR OUR CUSTOMERS

ANTIVIR LACQUER significantly increases the safety of packaging use. It provides a bioactive layer that prevents the transmission of viruses and bacteria from the printed surface, making it 99% effective.

DIGIMARC is virtually invisible to the eye. It has all the functionalities of a classic barcode, but offers completely new possibilities for logistics, customer communication or recycling. The Akomex Group is a **recommended partner of DIGIMARC**.

PRODUCT COUNTERFEITING PROTECTION

- holograms
- combination of lacquers
- with double effect
- printing with fluorescent inks
- microprinting
- coin reactive ink
- pigment lacquers
- hidden code

To guarantee our customers with the highest print quality, we constantly invest in developing the machinery park. Owing to this, we can adapt the offer to current market requirements and the needs of our customers. Our park comprises machines and devices from worldwide renowned producers such as Koenig & Bauer, Manroland, Bobst, and Masterwork.

QUALITY AND CERTIFICATES

- EyeC Proofer - sheet supervision and control of the graphic impregnation process
- label control - 100% supervision on the production line
- supervision of leaflet printing (roller machine)
- code readers on the gluing line
- pharmaceutical code readers on folding machines (leaflets)
- verification of Braille legibility
- control of cardboard printing capabilities

High quality - we meet the quality requirements of the pharmaceutical industry at all our locations. We have the necessary certifications to guarantee the highest production quality.

Flexibility and efficiency - with our state-of-the-art production lines we offer a comprehensive range of boxes, labels, and folded flyers.

Innovative solutions - we always offer our customers the latest solutions available on the market.

SUSTAINABLE DEVELOPMENT

At the Akomex Group, we pay special attention to environmental standards. This is confirmed by our ISO 14001:2015 and FSC certification (both DrukPak and Akomex). Our Quality Book includes a Standards Policy with environmental and green goals:

environmental protection

recycling

waste segregation

environmental-related qualification of employees

FLYERS

SOLID CARDBOARD PACKAGING

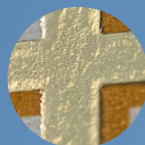

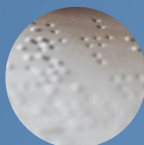

LABELS

PACKAGING ENHANCEMENT

- embossing in Braille
- lamination with gold and silver foil
- lacquering (dispersion lacquer, hybrid lacquer and others)
- hot stamping
- single-level and 3D embossing of graphic design elements
